SUMMARY

I am an eXtended Reality (XR) Software Engineer. I have experience on both handheld and head-mounted display (HMD) XR applications, and I continuously explore the vast potential of XR technology. I have years of hands-on experience in Unity and .NET/C# framework, always investigating smart solutions and optimized methods. I am familiar with agile mythologies and tools. My goal is to contribute to the advancement of immersive technologies and uncover innovative and fun ways to enhance users' experience.

SKILLS

Languages: C#, Python, JavaScript, HTML/CSS, C/C++
Engines: Unity3D
XR SDKs: AR Foundation (ARCore/ARKit), Vuforia, MRTK (OpenXR, OculusXR), Meta XR SDK, Lightship ARDK
Platforms: Hololens2, Meta Quest, Android, iOS
Versioning: Git - Github/Bitbucket

EXPERIENCE

- 8/2024 – Present **XR Software Engineer | Full Time** **ANIMA RES GmbH**
- Part of development pipeline of Mobile & HMD applications (Apple Vision Pro/Hololens/Android/iOS).
 - Implementation of new features into company's existence app gallery.
 - Effectively collaborating with 3D and Technical Artists to achieve best quality.
 - Troubleshooting and upgrading home-brew packages system.
- Unity3D / C# / AR Foundation / MRTK / Android(ARCore)/iOS(ARKit) / Polyspatial
- 10/2021 – 7/2024 **AR Software Engineer | Full Time** **Up2metric P.C.**
- Design & Implementation of Mobile AR applications (Android/iOS).
 - Troubleshooting and problem-solving of AR related issues.
 - Integration of REST API calls into front-end interfaces.
 - Responsible for prototyping, building and maintaining AR features.
 - Research on XR standards and specifications.
- Unity3D / C# / AR Foundation / Vuforia / Android(ARCore)/iOS(ARKit) / Figma
- 9/2021 – 3/2023 **XR Software Engineer & Researcher | Full Time** **Technical University of Crete**
- Design & Implementation of XR HMD applications (Hololens2/Meta Quest).
 - Research on XR Collaborative environments, and multimodal communication techniques.
 - Prototyping and testing on AR HMD features.
 - Publication and attendance on international conferences in the field of XR.
 - Paper reviewer in IEEE VR 2023 & 2024.
 - Participation in HORIZON EU Research Projects (SUN XR, VARCITIES).
- Unity3D / C# / MRTK / Meta XR SDK / Vuforia / HCI
- 2022,2023 **Graphics Lab Assistant | Part Time** **Technical University of Crete**
Spring Semesters
- As post-graduate student I contributed to my supervisor's courses:
- **Graphics Course (Undergraduate - 4th year):**
 - Teaching Unity3D to students.
 - Preparation and testing of semester projects (games in Unity3D)
 - **Human-Computer Interaction (HCI) Course (Postgraduate):**
 - Preparation and evaluation of course's material.
 - Organization & testing of semester project (use-cases, usability evaluation, personas, UX design & prototyping)
- Unity3D / C# / HCI
- 9/2018 – 5/2020 **AR Researcher & Developer | Part Time** **Technical University of Crete**
Diploma Thesis
- Develop a Mobile AR application for Android devices.
 - Integrate navigation system using Mapbox SDK.
 - Research and testing on various AR SDKs: Vuforia, Wikitude, ARCore, ARkit etc.
 - Research on the field of Mobile AR (MAR).
- Unity3D / C# / AR Foundation / Vuforia / ARCore / Wikitude

EDUCATION

2020 **Integrated Masters in Electrical and Computer Engineering (MEng - 300 ECTS)** **Technical University of Crete**
Diploma Thesis: "Outdoors Mobile Augmented Reality for Coastal Erosion Visualization, based on Geographical Data" a Mobile AR application for Android devices, developed in Unity3D game engine.

PUBLICATIONS

6/2023 **ACM International Conference on Interactive Media Experiences (IMX' 23)** **ACM Library**
GoNature AR: Air Quality & Noise Visualization Through a Multimodal and Interactive Augmented Reality Experience

6/2022 **7th International Conference on Smart and Sustainable Technologies (SpliTech)** **IEEE Xplore**
On the integration of nature-based solutions with digital innovation for health and wellbeing in cities

11/2020 **International Workshop on Cross-Reality (XR) Interaction @ ACM ISS 2020** **Workshop Proceedings**
Outdoors Mobile Augmented Reality for Coastal Erosion Visualization, based on Geographical Data

* *Google Scholar.*

AWARDS

6/2023 **Best Demo Award** **ACM International Conference on Interactive Media Experiences (IMX' 23)**
Received "Best Demo Award" of the conference by Tobbi for the demo: "GoNature AR".

2/2022 **Winner of "Innovation" Category** **Brackeys GameJam 2023.1**
Category winners for the game: "UnSentenced"
